### Floral Panels using a Soldering Bolt!

**Thursday, June 18, 2009**

**10 a.m. to 4 p.m.**

Make a delightful cut work and see-through panel using water soluble film, free motion machine embroidery, reverse applique and use of the soldering iron. This is Kathleen's signature workshop and explains how she works all the 3-dimensional vases, fashion accessories and wall hangings that she frequently exhibits throughout the UK. Come and have a go. It's great fun, especially using the soldering iron.
